

Part 541 - Drawings

SUBCHAPTER E - SUPPORT OPERATIONS

PART 541 - DRAWINGS

AL541.03

AL541.03 Title Blocks

A drawing number shall be placed in the block in the lower right corner of the title block for all project-type construction and vegetative drawings. This number should be placed on the drawings no later than the time the drawings are sent out for final review. One number will be assigned to each set of drawings and placed on each sheet.

The format of the number will be AL-XX-XX-XXX, the AL being the abbreviation for Alabama, the first two digits being the financial project code, the second two digits being for the fiscal year, and the last three being the drawing number. The drawings shall be numbered consecutively beginning with 001 for the first drawing each fiscal year. For example, if the first drawing for fiscal year 1999 was WF-08 project, the number AL-08-99-001.

The engineering technicians on the state design staff are responsible for all drawing numbers and keeping a log of numbers to avoid duplication.
